

An ISO 9001-2008 Certified Co. AGNI PROTECTION PVT. LTD. DATASHEET

SIGNAGES

MODEL NO- LS-400E

Our Self glow signs or self-illuminating signs are typically signs or markers that have built-in illumination source and don't require any external light source to be visible in the dark.

These signs are commonly used for various purposes, including safety, wayfinding and advertising. Example of self-glow signages mentioned below:

FEATURES & BENEFITS:

- Good visibility in dark.
- Customize shape and matter.
- Best self-glow sheet used.
- Wall/hanging mounted
- Non-electric, nontoxic, non-radioactive material used.
- Customize colour option.
